

List of EU priorities 2019

General priority

General priority refers to proposals formulated in the European Commission Work Programme 2019 that receive extra attention from the Netherlands House of Representatives. These EU initiatives can either be legislative or non-legislative in nature. Upon publication of a prioritized proposal, the sectoral parliamentary committee dealing with the proposal will decide whether to hold hearings, technical briefings, debates or other activities in order to assess the Commission's proposal.
